History of the Common Council of the City of Indianapolis

Indianapolis was established as a town in 1821. It was at this time that a commission, appointed by the legislature, selected this location as a site for a seat of government of the State of Indiana.

The town of Indianapolis conducted its affairs pursuant to the general laws of the state until 1832. In this year the town was incorporated and was governed by a board of five trustees.

In 1838, pursuant to a special act of the legislature, Indianapolis was re-incorporated and placed in the hands of its first town council composed of a president and six members.

The common council continued in a large measure to control the affairs of Indianapolis as a town and as a city under various so-called charters or grants of the legislature until 1891.

Under a special act of the legislature of 1891 for the city of Indianapolis, a somewhat different form of government was established. While the council continued to exercise broad control over the city's affairs, various executive departments of the city were provided, such as Public Works, Public Safety, Public Parks and Public Health, conducted by boards appointed by the Mayor. These boards were granted specific powers and duties concerning the city's business previously exercised by the council through committees subject, however, in some cases to approval of the council in all matters of expenditure of money and appropriation of funds by the council.

For some time prior to 1891 the City of Indianapolis was divided into 25 wards represented by 25 ward councilmen. Their term of office was two years and they were eligible for re-election. At this time there was also a separate body operating in conjunction with the council called the Board of Aldermen, composed of ten Aldermen, representing five Aldermanic districts, two being elected from each district.

Under the 1891 act the Board of Aldermen was abolished and a common council of 21 members was established. Fifteen members

were elected to represent 15 wards and six members were elected to represent the city at large.

This form of council continued to exist in Indianapolis under the general cities and towns act of 1905. The act of 1905, while often referred to as the Indianapolis Charter, is very largely a re-enactment of the 1891 Indianapolis charter, modified to make the Indianapolis system applicable to all classes of cities of the state. The 1905 law increased the term of Mayor and councilman to four years and prohibited re-election.

In 1909 a novel councilmanic law for Indianapolis alone was passed by the legislature. This law limits the number of councilmen to nine. The law provides for the nomination by each party of six candidates, one from each of six councilmanic districts. In the election all of the voters of the city may vote for any nine candidates and the nine receiving the highest number of votes are elected. This law insures a minority representation in the Council of at least three members. In 1949 the legislature amended the statutes to permit councilmen to succeed themselves.

February 4, 1963

Mrs. Teresa Laffey, City Clerk
25th Floor City-County Building
Indianapolis, Indiana

Dear Mrs. Laffey:

In reference to proposed action before the Common Council tonight to repeal the existing "No Parking Anytime" Ordinance on East 46th Street, we request that this letter be entered in the minutes of the Council meeting.

The existing Ordinance for No Parking Anytime was passed April 20, 1961, at the request of the Board of Public Works to "build-in" the parking restrictions on this official thoroughfare.

Most of the businessmen in this area had been advised that the Works Board was requesting this Ordinance and were given the opportunity of opposing the Ordinance before the project was undertaken. The record will show that only one property owner appeared at the Council meeting to protest this Ordinance.

With approval of this Ordinance, the design of East 46th Street was changed with the width increased from 40 feet to 44 feet to provide four 11-foot lanes for thorough traffic. State Highway specifications were approved to build a street which would withstand heavy loads and increased traffic.

The Board of Works is unanimous in its opinion that Thoroughfares are too expensive to widen to create parking places for automobiles.

The Barton report of 1957, which the Board has followed carefully in developing a Thoroughfare Program, emphasizes the necessity of eliminating curb parking as follows: "As the City of Indianapolis continues to expand, use of all available pavement along the major street systems by moving traffic becomes more and more essential. The present zoning ordinance of the city requires that offstreet parking be created for nearly all classes of land use. These provisions should be strengthened and enforced; ultimately there should be no parking permitted at anytime along the major Thoroughfare System."

Similar No Parking restrictions have been built into other streets widened by the Works Board and the unrestricted flow of traffic has soared on these Thoroughfares. Consideration of the repeal of this Ordinance on 46th Street comes at a time when we feel the trend should be the other way, to get more parking off of our thoroughfares.

If this ordinance is repealed by the Council, 46th Street, built at a cost of \$268,089.69, will become the most expensive parking lot constructed by the City.

Furthermore, we are faced with a great dilemma in the construction of future thoroughfares. The Board is reluctant to proceed with the widening of thoroughfares when there can be no assurance that the facility may be used for the purpose for which it is designed.

Before passage of this Ordinance in 1961, it was approved by the Mayor's Traffic Improvement Committee. This same Committee, representing all the people of Indianapolis, reaffirmed its stand January 25, urging No Parking Anytime on all Thoroughfares widened by the City.

Repeal of this Ordinance, we further feel, would be inconsistent with the passage of the resolution by the Council January 21 proposing a time-table for removing parking on thoroughfares, with merchants and property owners receiving a year's notice to adjust to the parking restrictions. In this case, the property owners received a year and a half notice.

For the record, the Board of Works protests repeal of this Ordinance and believes such action would not be in the best interests of the entire community.

Yours sincerely,

HUGH G. BAKER, President
Board of Public Works

ELLSWORTH G. MAXWELL,
Executive Sescretary
Board of Public Works

February 4, 1963

TO: Honorable Members, Common Council of Indianapolis

SUBJECT: 46th Street Parking Regulation G.O. No. 10, G.O. No. 11,
1963.

In April of 1961 the Common Council passed an Ordinance prohibiting parking at all times on 46th Street, from College Avenue to the east city limits. Upon completion of the widening of 46th Street in October of 1962, the proper signs were erected.

The Bureau of Traffic Engineering has determined that approximately 50% more traffic is using 46th Street today than prior to the widening. It is our opinion, based on extensive experience and knowledge of traffic operations, that these volumes will continue to increase, and for this reason the existing parking restrictions should not be changed. No evidence to the contrary has been presented.

The proposed General Ordinances No. 10 and No. 11, 1963, were prepared and introduced without the advice of the Bureau of Traffic Engineering. We are opposed to the passage of these ordinances.

Respectfully submitted,

BUREAU OF TRAFFIC ENGINEERING
Stanley T. Siegel, P. E., Director

Mr. Huber asked for recess. The motion was seconded by Mr. White and the Council recessed at 7:45 P.M.

At this time those present were given an opportunity to be heard on General Ordinances Nos. 6, 7, 8, 9, 10 and 11, 1963.

The Council reconvened at 8:25 P.M. with the same members present as before.

Mrs. Teresa Laffey, City Clerk
25th Floor City-County Building
Indianapolis, Indiana

Dear Mrs. Laffey:

In reference to proposed action before the Common Council tonight to repeal the existing "No Parking Anytime" Ordinance on Keystone Avenue from 25th to 34th Street, we request that this letter be entered in the minutes of the Council meeting.

Th existing Ordinance for No Parking Anytime was passed September 17, 1962, at the request of the Board of Public Works to "build-in" the parking restrictions on this official thoroughfare.

This street was widened from a narrow four lanes to provide for four wider moving lanes of traffic, including heavy truck traffic. This heavily traveled artery is on the official truck route and trucks travel at all hours, not just rush hours.

The Board of Works is unanimous in its opinion that Thoroughfares are too expensive to widen to create parking places for automobiles.

The Barton report of 1957, which the Board has followed carefully in developing a Thoroughfare Program, emphasizes the necessity of

eliminating curb parking as follows: "As the City of Indianapolis continues to expand, use of all available pavement along the major street systems by moving traffic becomes more and more essential. The present zoning ordinance of the City requires offstreet parking be created for nearly all classes of land use. These provisions should be strengthened and enforced; ultimately there should be no parking permitted at anytime along the major Thoroughfare System."

Similar No Parking restrictions have been built into other streets widened by the Works Board and the unrestricted flow of traffic has soared on these Thoroughfares. Consideration of the repeal of this Ordinance on Keystone Avenue comes at a time when we feel the trend should be the other way, to get more parking off of our thoroughfares.

If this ordinance is repealed by the Council, Keystone Avenue, reconstructed at a cost of \$82,501.25, will become (next to 46th Street) the most expensive parking lot built since the construction of the Broad Ripple parking lot over the Canal.

Furthermore, we are faced with a great dilemma in the construction of future thoroughfares. The Board is reluctant to proceed with the widening of thoroughfares when there can be no assurance that the facility may be used for the purpose for which it is designed.

Repeal of this Ordinance, we further feel, would be inconsistent with the passage of the resolution proposed by Councilman Thomas Hasbrook and approved by the Council January 21 proposing a time-table for removing parking on thoroughfares, with merchants and property owners receiving a year's notice to adjust to the parking restrictions.

For the record, the Board of Works protests repeal of this Ordinance and believes such action would not be in the best interests of the entire community.

Yours sincerely,

HUGH G. BAKER, President
Board of Public Works
ELLSWORTH G. MAXWELL,
Executive Secretary
Board of Public Works

STATEMENT FOR THE RECORD, BY THE BUREAU OF
TRAFFIC ENGINEERING,

City of Indianapolis, March 18, 1963

The Bureau of Traffic Engineering wishes to make the following statements in opposition to the passage of General Ordinance No. 20, 1963, which repeals the prohibition of parking at anytime along both sides of Keystone Avenue from 25th Street to 35th Street.

This prohibition has been in effect since the passage of General Ordinance No. 83, 1962, by this Council at the meeting of September 17, 1962, which recommendation was sought by the Board of Public Works and indorsed by the Board of Public Safety and the Mayor's Traffic Improvement Committee.

Keystone Avenue is, and for many years has been a principal route for the movement of trucks within the city.

Keystone Avenue is, and for many years has been, an important route for the north-south movement of large numbers of citizens of this city.

Keystone Avenue is, and for several years has been designated and widely publicized as a primary thoroughfare of the Official Thoroughfare Plan of Marion County, intended to be developed and protected for the principal purpose of moving large volumes of mixed traffic on the near east side of the city, for the benefit of the entire community rather than a segment thereof.

Keystone Avenue is, and for several years has been, undergoing progressive development at public expense, for the above named reasons.

Keystone Avenue was recently improved to a minimum adequacy for the safe and expeditious movement of existing traffic, which minimum was the best that available funds could afford.

Granting of parking privileges along Keystone Avenue will minimize the benefits which should accrue from past expenditures of public funds, and will constitute a direct disservice to many thousands of motoring citizens for the limited benefit of several score of citizens.

Granting parking privileges along Keystone Avenue will confirm the existence of a climate in which the general public, and their appointed servants, will be severely hampered in the orderly, efficient and reliable planning and creation of capital improvements for the net benefit of all our citizens.

For such reasons as these, the Bureau of Traffic Engineering opposes the passage of General Ordinance No. 20, 1963.

BUREAU OF TRAFFIC ENGINEERING

Respectfully submitted,

ARTHUR G. WAKE, P.E.
Design and Planning Engineer

Office of Chairman of the Board

Mr. Joseph C. Wallace, President
City Council
City-Council Building

Indianapolis 4, Indiana

Dear Mr. Wallace:

We want to express our deep appreciation to the Council for its consideration in changing the name of our street to Waterway Boulevard.

We hated very much to bother the Council with such a trivial matter. We know something about the heavy responsibilities you have, and to bother you with such a little problem worried us very much.

However, we decided that, when Legislative candidates start going to Speedway instead of out to our place, we should do something about it.

We wish to thank you so very much for so graciously helping us with our problem.

Cordially yours,
JACK REICH

Mr. Huber asked for recess. The motion was seconded by Mr. Deluse, and the Council recessed at 7:45 P.M.

The Council reconvened at 8:50 P.M. with the same members present as before.

We thought well to advise you that Inland Container Corporation supports the program for the establishment of the Metropolitan Thoroughfare Authority of Marion County.

We believe that the \$10 per automobile vehicle tax will assist in improving the inner loop of the freeways, approaches to the freeways, widening of major streets, construction of bridges where necessary, and other improvements, all of which are so vital to the Downtown area of Indianapolis.

We believe that the funds can well be directed by a Thoroughfare Authority to attain this objective with the lowest possible cost to the residents of Marion County.

We would be pleased to have you take affirmative action at the meeting you have scheduled for Thursday, June 13, this week.

Dear Mayor:

I am very sorry that I will not be able to attend the public hearing to be held at 10:00 A.M., Thursday, June 13th, concerning the establishment of the Metropolitan Thoroughfare Authority of Marion County.

Our Association is very, very much in favor of the establishment of the Thoroughfare Authority so that the necessary highways and bridges can be constructed. While we realize this imposes a tax of \$10 per vehicle in Marion County, we feel that this money which will be earmarked for capital improvements, will do much to improve our traffic pattern eliminating bottlenecks and reducing travel time.

Again, we trust that your actions on this hearing will be favorable towards the establishment of the Authority.

Dear Mayor Losche:

I have just received notification of the public hearing to be held at 10:00 a.m. on Thursday, June 13, concerning the establishment of the Metropolitan Thoroughfare Authority of Marion County. As a previous commitment makes it impossible for me to attend the hearing, I wish to take this opportunity to state this company's view on the subject.

We, of course, recognize the existing need as well as an even greater need in the future for adequate freeways in and around the Indianapolis Metropolitan area to handle the ever increasing demands of the traveling public. We also recognize that the Metropolitan Thoroughfare Authority is the only vehicle through which the necessary freeway construction can be accomplished at the earliest possible date. In our case, we fulfilled the communication needs of the public through the recent implementation of our metropolitan area telephone service plan which was accomplished in recognition of the related interests of members of the public in the metropolitan area.

We wish to express our wholehearted support of the prompt creation of the Authority recognizing that the costs of the necessary construction will be borne by the freeway users, including this company. We wish to express the further hope that in the design, construction and location of the freeways that all interested parties, including the affected utility companies, be consulted to the end that the overall cost of this program may be held to the lowest possible level to the benefit of all members of the public.

A similar letter has been sent to Mr. John M. Smith, President, County Commissioners.

Very truly yours,

ROY C. ECHOLS

INTRODUCTION OF SPECIAL ORDINANCES

By Councilman Deluse:

SPECIAL ORDINANCE NO. 9, 1963

AN ORDINANCE declaring the terms and conditions under which the Indianapolis Water Company shall be authorized to use the streets, alleys and public places and areas of the City of Indianapolis in accordance with Section 110 of the Public Service Commission Act of the State of Indiana.

BE IT ORDAINED BY THE COMMON COUNCIL
OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. The Indianapolis Water Company for a century or so of time has flourished and one of the reasons for its progress has been the financial contribution of the City of Indianapolis as its largest or one of its larger customers. But the direct monetary contribution by said utility to the City of Indianapolis for the valuable right to use the public streets and public areas has been most meager and insignificant.

Section 2. That the City is now in financial stringency and must look to all sources to relieve the general property tax load and must in fairness recover the value of all special public privileges and benefits conferred on all who derive private profits therefrom, and particularly on those who derive an advantage from the unfettered use of the right of way in city streets, alleys and public areas.

Section 3. It is accordingly declared by the Common Council in accordance with Section 110 of the Public Service Commission Act that the condition under which the Indianapolis Water Company shall be authorized to use the streets, alleys, public ways and public areas of the City of Indianapolis to lay, install, maintain and remove its water mains, its fittings and connections and other accessory uses in that such Utility shall be required to recognize that there shall be deemed to be conferred upon such utility a benefit equal to the value of the fire protection afforded to said City as reflected in the rate schedule cost per annum of each water hydrant now installed in said City in accordance with the rate schedule for the same on file with the Public Service Commission of the State of Indiana.

Section 4. That upon the extension of City areas and upon the ensuing installation of additional fire hydrants the city in the year of the installation of such hydrants shall pay the scheduled annual rate for such hydrants now or hereafter on file in the said Public Service Commission, but thereafter the benefit of the use of extended City public areas to the Utility shall be deemed to equal the schedule cost of such service by said Utility for all years thereafter.

Section 5. The City Controller, to enforce the condition imposed upon said utility for the use of the city streets, alleys and public areas, shall upon submission of the Company's statement for water service, deduct hereafter the fire hydrant and fire protection charge of said Utility, effective, however, as of January 1, 1964.

Section 6. This ordinance shall be in full force and effect from

and after its passage and approval by the Mayor.

Which was read for the first time and referred to the Committee on Finance.

NEW BUSINESS

Mr. Deluse moved that the Council adopt the following Resolution No. 8, 1963:

RESOLUTION NO. 8, 1963

A RESOLUTION approving the leasing of the City Hall Building and site to the State of Indiana for a State Museum.

WHEREAS, this Common Council, under and pursuant to General Ordinance No. 73, 1962, authorized the sale or lease of the City Hall property but, under the provisions of Section 3, made the reservation that any permanent arrangement for the disposition of said City Hall property, would be subject to the final approval of this Council and,

WHEREAS, this Common Council of the City of Indianapolis, deems it to the best interest to the City of Indianapolis, that said City Hall be preserved in the character of a public building and its best use is that proposed by the State of Indiana, that it be used as a State Museum.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. The following Lease is hereby approved and authorized and the same signed by the member of the Common Council of the City of Indianapolis.

LEASE AGREEMENT

This Lease dated this 17th day of June, 1963, between the City of Indianapolis, a Municipal corporation of the State of Indiana, herein referred to as the Lessor and the State of Indiana, herein referred to as the Lessee.

WITNESSETH

1. The Lessor does hereby lease and demise to the Lessee the following property, to-wit:

Lots 4, 5, 6, and 7 of Square No. 38 of the City of Indianapolis, Indiana, more particularly described as follows:

Beginning at the northwest corner of Alabama and Ohio Streets, running thence north along the west property line of Alabama Street a distance of 202 feet 6 inches to a point which is also the south line of Miami Street, thence west a distance of 135 feet to a point, thence south along a line parallel to line of Alabama Street, a distance of 202 feet 6 inches to the north line of Ohio Street, thence east 135 feet along the north line of Ohio Street to the place of beginning.

The building located on said real estate had been used as and for the offices of the municipal government of city of Indianapolis, and is known as the City Hall.

2. The sole purpose of this lease is to lease said premises for use as the Indiana State Museum which will be operated, maintained and supervised by the State of Indiana, through the Department or Board having duly designated or delegated authority and control. The various exhibits, equipment, supplies, displays and personal property which are now being used or stored in connection with the State Museum at other locations will be moved and transferred and housed in the leased premises. Additional exhibits, equipment, supplies, displays and personal property will be placed in and upon said premises for museum purposes from time to time at the Lessee's will and pleasure. Said museum shall always be open to the general public.

The premises shall be used for no other purpose.

3. The rental shall be one dollar (\$1.00) per year. The rental is established at this small amount because the State Museum will result in a great public benefit to the citizens of Indianapolis, and the Lessee shall be obligated to make many expenditures in the remodeling, redecorating and maintenance of said building and premises. It is understood by the parties hereto that these mutual benefits are of great value to the parties and form a part of the consideration of this lease agreement.

4. It is the wish of the parties hereto that the duration of this lease shall be for at least fifty (50) years. Inasmuch, however, as the State of Indiana is limited by law to entering a lease for four years only, the term of this lease shall be four (4) years. The Lessee shall have the right to renew this lease for twelve (12) additional four (4) year terms, upon the same terms as are expressed in this instrument, upon giving notice in writing of the Lessee's intention to renew at least 6 months in advance of the date of expiration of this lease.

5. If, by December 31, 1963, the Lessee has not appreciably advanced the proposed remodeling, alteration and redecoration program for a State Museum, the Lessor shall have the right, at its option, to cancel this lease.

6. The term of this lease shall commence as soon as the same has been executed, accepted and approved by the necessary officers of the Lessee. It is understood and agreed by the parties that the Lessee, in order to begin and continue its financial obligations under the terms of this lease, will need to rely upon State Budget Agency approval.

7. It is understood that an extensive remodeling, alteration and redecorating program shall be carried out and paid for by the Lessee prior to and during the occupancy and use of said building in order to make said building fully adaptable for use as a State Museum. It is agreed that a master or basic plan of such remodeling, alteration and redecorating, prepared by architects and engineers employed by the Lessee, shall be submitted to the Lessor, and approved by the Mayor and City Council of the City of Indianapolis in writing prior to the commencement of such project. Thereafter, proposed major additions, alterations or changes in the structural parts of the

improvements, including electrical or plumbing systems, shall require written approval of the Mayor of the City of Indianapolis. All minor additions, alterations or changes may be made without the necessity for such approval.

8. The purpose of this lease is to provide a State Museum for the citizens of the State of Indiana which will be operated on a high level or standard. The Lessee agrees to this purpose and agrees to use reasonable efforts to carry out this purpose and to keep and maintain aid building and all its parts in a good condition and in a good state of repair at all times, and shall not permit any waste or damage upon the premises.

9. Lessee agrees to furnish adequate personnel and staff to properly operate and maintain said State Museum.

10. All fixtures, alterations, additions and improvements to the premises shall become a part thereof and belong to the Lessor at such times as the Lessee surrenders possession. Provided, however, that any museum exhibits shall not, for the purpose of this paragraph, be considered as fixtures, alterations and improvements.

11. The Lessee covenants to indemnify and save harmless the Lessor against any and all claims arising from the alteration, maintenance, occupation or use of the premises and from any and all claims arising from the conduct and operation of a public museum upon the premises. In the event any action or proceeding is brought against the Lessor, by reason of any such claim the Lessee, on notice in writing from the Lessor, shall resist or defend such action or proceeding at its own expense. It is expressly understood that by these terms, neither of the parties hereto waives any immunities now or hereafter afforded the parties by operation of law.

12. The Lessee shall at all times keep and pay for a policy of insurance on said premises against fire and other casualty losses. The initial amount of said insurance policy shall be \$760,000.00 and, as depreciation in the value of the premises may dictate, may be adjusted downward from time to time by mutual agreement of the Lessor and the Lessee. The proceeds of said insurance policy shall be payable to the Lessor and shall serve as full satisfaction of any claim or obligation which the Lessee may owe the Lessor under the terms of this lease as a result of casualty losses. Upon demand, the Lessee shall furnish the Lessor a copy or copies of such insurance policies.

13. Lessee shall pay for all expenses of maintaining said building, including all expenses of heating, air conditioning, electricity, water, gas and all other utilities.

14. In keeping with primary purpose of this lease, the Lessor shall at all times, cooperate with the Lessee, wherever possible, to assist in promoting attendance at, and interest by the citizens in the State Museum.

15. If the premises or any part thereof, or any part of the improvements of which they form a part shall be needed for street or public purposes and uses, or shall during the continuance of this lease be destroyed by the action of public authorities, then each of the parties hereto may recover and retain as its own, damages for the value of its respective interests.

Now, pursuant to ordinances and resolutions duly enacted,

WITNESS our hands and seals this 17th day of June, 1963.

GENERAL ORDINANCE No. 51, 1963. An ordinance approving a certain agreement and permit granting The New York Central Railroad Company, lessee of the Cleveland, Cincinnati, Chicago and St. Louis Railway, the right to lay and maintain a sidetrack or switch from its Springfield Line approximately 330' to the east of its present existing main track crossing on said street, according to blue print attached, in the City of Indianapolis, Indiana

WHEREAS, heretofore, to-wit: on the 12th day of June, 1963, The New York Central Railroad Company, lessee of the Cleveland, Cincinnati, Chicago and St. Louis Railway, filed its petition before the Board of Public Works of the City of Indianapolis, as follows:

PETITION

To BOARD OF PUBLIC WORKS, City of Indianapolis

Gentlemen:

The New York Central Railroad Company, lessee of the Cleveland, Cincinnati, Chicago and St. Louis Railway, respectfully petitions the Board of Public Works, to permit the installation of a sidetrack or switch track upon and across East 30th Street in the City of Indianapolis, Indiana, at a point approximately 330' east of its present existing Springfield Line main track crossing of said street, details of which are shown on petitioner's Plan No. 36517, dated April 19, 1963, attached hereto and marked for identification as "Exhibit A."

Said sidetrack or switch truck is required to permit railroad service to the Marsh Homes, Inc. industry located to the south of East 30th Street and to any and all other industries that may locate hereinafter in the proposed industrial park and also desire and require such rail service.

NOW, THEREFORE, This agreement made and entered into this ----- day of -----, 1963, by and between The New York Central Railroad Company, lessee of the Cleveland, Cincinnati, Chicago and St. Louis Railway, of the City of Indianapolis, County of Marion, State of Indiana, party of the first part, and the City of Indianapolis, by and through its Board of Public Works, party of the

second part.

WITNESSETH: That the party of the first part, being desirous of securing a permit for a right of way for a sidetrack or switch from its Springfield Line upon and across East 30th Street, in the City of Indianapolis, which is more specifically described as follows: Said sidetrack or switch track to be located approximately 330' east of its present existing main track crossing of said street as shown in detail on its Plan No. 36517, dated April 19, 1963, attached hereto and marked for identification as "Exhibit A."

hereby covenants and fully binds itself, its successors, legal representatives and assigns, that, in consideration of the grant of the privileges and authority herein given, it will lay, construct, maintain and pay all costs and expenses either now or hereafter connected with said track upon the terms and conditions hereinafter set forth, to-wit:

(1) They shall be so laid, maintained, improved and kept in repair as to be safe for persons on foot, in vehicles or otherwise, and shall, at all times, be subject to the orders of the Board of Public Works of the City of Indianapolis, and to all laws and ordinances, adopted and enacted pursuant to the police powers of said city.

(2) Said track and switch shall be laid upon such grade as shall be established by said Board, and shall be put down under its supervision and to its satisfaction and approval. Said track shall be raised or lowered to conform to any grade which may, from time to time, be hereafter established, whenever so ordered, in writing, by said Board, and shall be made to conform in all respects with any ordinance passed by the Common Council, or with any resolution or resolutions made by said Board, for the elevation or depression of said track, or tracks; provided further that all the costs thereof shall be paid by the said party of the first part, who hereby waives any division of such costs as now or hereafter provided by any statute, or otherwise.

(3) The crossing where said track intersects, shall, at all times, be kept and improved and in repair and free from obstructions or defects of any kind. No car or cars shall be permitted to obstruct such crossing or to be thereon except for such time as may be absolutely necessary in moving them back and forth, and they shall be at no time stopped or detained thereon in such manner as to obstruct

public travel.

(4) Said party of the first part agrees, upon the written order of said Board, made for any cause affecting the interest of the City or the public welfare, to take up and remove said track, and upon said party's failure so to do, upon such notification in writing, of ten (10) days, to promptly pay the cost of having the same done, and the party of the first part hereby releases all claims for damages whatsoever that may arise by reason of such removal; and in removing said track or causing the same to be done, said Board shall in no wise become a trespasser. Said notice shall fix a day for hearing before said Board where objections to such removal may be heard; but the decision of said Board shall be final and conclusive on the party of the first part who hereby expressly waives any right to have such exercise of discretion reviewed by any court.

(5) The party of the first part agrees to pave between the rails of said track and for eighteen inches on both sides thereof, to the entire satisfaction of the second party, and in case said tracks and pavement or either thereof shall be or become out of repair or in need of being reconstructed, or become in any way defective (of which fact the said Board shall be the exclusive judge), it shall be the duty of the said party of the first part to promptly repair, reconstruct, or remove same, failing in which, after notification in writing of ten (10) days, said Board may do or cause the same to be done at the expense of said party of the first part and for which expense and cost the said party of the first part shall be liable.

(6) The said party of the first part herein binds himself to hold said party of the second part and said city harmless from any and all claims or damages growing out of the existence, maintenance or use of said track, and to pay any judgment, with costs, that may on that account be rendered against the said party or said city, and also to pay all necessary expenses that may be incurred by said city in defending action against any such claims.

(7) Any violation of any of the provisions of this instrument by said party of the first part, or by any one for it or at its instance or with its permission, shall operate as an immediate and absolute forfeiture of the privileges and authority given or granted by this permit, provided, however, that the same may be terminated by said Board as hereinbefore set forth.

Said party of the second part by virtue of the provisions of an act of the General Assembly of the State of Indiana, entitled "An act concerning municipal corporations," approved March 6, 1905, and of all acts amendatory thereof or supplemental thereto, and in consideration of the things hereinbefore set forth and upon the terms and provisions stipulated, hereby grants and duly permits said party of the first part to exercise the right, privilege and authority to lay and maintain an additional sidetrack or switch across East 30th Street, in the City of Indianapolis, all as shown by the drawing attached hereto, and filed herewith and for greater certainty marked "Exhibit A."

I am returning herewith Special Ordinance No. 6, 1963 unsigned.

My signature has been withheld from this Ordinance for the reason that to annex would be unwise as the City is presently without the facilities to administer the proposed area.

This Ordinance likewise is not compatible with the plan of annexation which the City previously has followed.

Accordingly, I have vetoed said Ordinance.

Respectfully submitted,

ALBERT H. LOSCHE,
Mayor
